2025/11/05 15:16 1/2 Tasksel

## **Tasksel**

debian, ubuntu

```
$ sudo apt-get install tasksel
$ sudo tasksel
                                                                              (*)
가
                                                     OK
                                                                     가
         . Space
    가
$ tasksel --list-task
                                           u가
ex)lamp-server /
$ sudo tasksel install lamp-server
                                       //
$ sudo tasksel remove lamp-server
$ man tasksel
                                                                           가
                             GUI
tasksel
$ sudo tasksel remove ubuntu-desktop
$ sudo tasksel install server
         LAMP, SSH
                                                        server
   : ubuntu-desktop
Ctrl + Alt + F2 (or F5)
```

## ex) ubuntu-desktop

\$ tasksel --task-packages ubuntu-desktop

- Tasksel-Ubuntu
- Tasksel-Debian
- How to move a machine from Desktop to Server?
- Ubuntu 11.10 Server GUI
